## Financial results for 1998-99

1. At its 85th Session (June 1997) the International Labour Conference approved an expenditure budget for the 1998-99 financial period amounting to US\$481,050,000 and an income budget for the period for the same amount. At the budget rate of exchange for the period of 1.46 Swiss francs to the US dollar, the income budget amounted to 702,333,000 Swiss francs, composed of assessed contributions of $677,155,258$ Swiss francs and of the expected budgetary surplus for $1996-97$ amounting to $25,177,742$ Swiss francs. ${ }^{1}$
2. At its 87 th Session (June 1999) the International Labour Conference amended the Financial Regulations in order to introduce accrual accounting. Under this method -
(a) all contributions due in a financial period are recorded as income in that financial period; ${ }^{2}$
(b) expenditure charged against the appropriations of a financial period consists of payments made during the financial period and unliquidated obligations as at the last day of the financial period; ${ }^{3}$
(c) the excess or shortfall of income over expenditure in any complete financial period is calculated by deducting budgetary expenditure from budgetary income with a provision being made for delays in the payment of contributions amounting to 100 per cent of the contributions unpaid at the end of the financial period. ${ }^{4}$
3. Budgetary income and Swiss franc expenditure are both accounted for in US dollars at the budget rate of exchange approved with the budget. US dollar budgetary income and expenditure figures reported herein accordingly result from the conversion of Swiss franc income and expenditure into US dollars at the 1998-99 budget rate of exchange of 1.46 Swiss francs to the US dollar.
4. Regular budget income and expenditure for 1998-99 are summarized in table 1 of Appendix I. Total budgetary income for 1998-99 amounted to $\$ 480,121,976$, with the shortfall of $\$ 928,024$ arising because the actual budgetary surplus for 1996-97 was 1,354,916 Swiss francs less than expected. Expenditure under Part I of the budget during 1998-99 amounted to $\$ 466,516,548$, some $\$ 14,533,452$ less than budgeted, after the absorption of $\$ 8,682,250$ in additional expenditure items which were approved by the Governing Body. Table 2 of Appendix I compares 1998-99 expenditure by major programme with the approved budget, and details of the additional expenditure items approved are given in table 3 of Appendix I. The excess of income over expenditure for the biennium 1998-99, at the budget rate of exchange, thus amounted to $\$ 13,605,428$; revalued at the rate of exchange in effect at the close of the financial period, the excess of income over expenditure amounted to $\$ 12,493,035$.

[^0]5. In accordance with article 18, paragraph 1, of the Financial Regulations, a provision for delays in the payment of contributions in the amount of 100 per cent of the outstanding contributions at 31 December 1999 has been made. Since the total contributions outstanding at 31 December 1999 amounted to $227,135,227$ Swiss francs as compared with the total contributions outstanding at 31 December 1997 of $248,982,885$ Swiss francs, the provision required at 31 December 1999 was $21,847,658$ Swiss francs less than that which would have been required at 31 December 1997. The net adjustment to income and expenditure was therefore a credit of $\$ 13,740,665$ ( $21,847,658$ Swiss francs at the December 1999 rate of exchange). This accordingly increased the excess of income over expenditure to $\$ 26,233,700$ or $41,711,581$ Swiss francs. These figures are still subject to audit.

## Transfers between budget items

6. Certain transfers between items (major programmes) were necessary; these are listed in Appendix II with explanations of the reasons for which they were needed. Under article 16 of the Financial Regulations these transfers require Governing Body approval. In accordance with the authorization given by the Governing Body at its 276th Session (November 1999), they were approved by the Chairperson of the Governing Body prior to the closing of the 1998-99 accounts, subject to confirmation by the Governing Body at the present session.
7. The Committee may wish to recommend to the Governing Body that, in accordance with article 16 of the Financial Regulations, it approve the transfers between budget items listed in Appendix II.

## Working Capital Fund and Income Adjustment Account

8. Analyses of the movements of the Working Capital Fund and the Income Adjustment Account, including the composition of miscellaneous income credited to the latter account, are provided in Appendix III.

## Position in relation to member States' contributions and to paragraph 4 of article 13 of the Constitution

9. Details of the position at 31 December 1999 in regard to member States' contributions are given in tables 1 and 2 of Appendix IV. Table 2 shows that, on 31 December 1999, the arrears of contributions of Afghanistan, Antigua and Barbuda, Armenia, Azerbaijan, Bosnia and Herzegovina, Central African Republic, Comoros, Democratic Republic of the Congo, Djibouti, Equatorial Guinea, Georgia, Guinea-Bissau, Iraq, Kazakhstan, Kyrgyzstan, Liberia, Republic of Moldova, Paraguay, Sao Tome and Principe, Sierra Leone, Solomon Islands, Somalia, Tajikistan, Togo, Turkmenistan, Uzbekistan and

Yugoslavia ${ }^{5}$ equalled or exceeded the amount of the contributions due from them for the past two full years (1997-98). Each of these member States had therefore lost the right to vote in accordance with the provisions of paragraph 4 of article 13 of the Constitution of the Organization.
10. Albania, Belarus, Cambodia, Cape Verde, Chad, Dominican Republic, Latvia, Poland and Viet Nam have been permitted to vote in accordance with paragraph 4 of article 13 of the Constitution of the Organization under financial arrangements approved by the International Labour Conference at its 81 st, $86 \mathrm{th}, 83 \mathrm{rd}$, 85 th , $85 \mathrm{th}, 85 \mathrm{th}, 87 \mathrm{th}, 75 \mathrm{th}$ and 81st Sessions respectively.

Geneva, 15 March 2000.

(1) US dollar income and expenditure figures result from the conversion of Swiss franc income and expenditure to US dollars at the buc exchange for 1998-99 of 1.46 Swiss francs to the US dollar.
(2) With the introduction of the accrual method of accounting, all contributions due in a financial period shall be recorded as income in (Article 10, paragraph 4), and the excess or shortfall of income over expenditure in any complete financial period shall be calculated budgetary expenditure from budgetary income with a financial provision being made for delays in the payment of contributions. Suc amount to 100 per cent of the contributions unpaid at the date of the financial statements at the end of the financial period (Article 1i Contributions outstanding at 31 December 199 amounted to $227,135,227$ Swiss francs while at 31 December 1997 the amount outs was $248,982,885$ Swiss francs. The provision for delays in the payment of contributions could thus be reduced by $21,847,658$ Swis؛ $\$ 13,740,665$ at the December 1999 rate of exchange.
Details of contributions are provided in Tables 1 and 2 of Appendix IV.
(3) At its 85 th Session (June 1997) the International Labour Conference decided that the expected budgetary surplus for 1996-97 of 2: francs should be treated as income in the 66th financial period.
In the event, the budgetary surplus actually amounted to $21,847,658$ Swiss francs.
(4) Details of expenditure are provided in Table 2 of Appendix I.

## Table 3. Additional expenditure items approved by the Governing Body

In addition to the programme and budget adopted by the Conference for 1998-99, the Governing Body authorized additional expenditure items totalling US\$8,682,250 to meet various unforeseen costs not provided in the approved budget for the biennium. It proved possible to finance all of these items from savings in Part I of the programme and budget.

The additional expenditure items approved by the Governing Body are listed below:

| Governing Body session | Description of item | Amount in US dollars |
| :---: | :---: | :---: |
| 268th (March 1997) | Commission of Inquiry concerning Myanmar | 445000 |

## Appendix II

## Transfers between budget items approved by the Chairman of the Governing Body

A. Items to which transfers are proposed

## Programme

50 International labour standards and human rights
This transfer covers the costs of the Commission of Inquiry for Myanmar and preliminary work undertaken on the Commission of Inquiry for Nigeria as authorized by the Governing Body at its 268th and 271st Sessions in March 1997 and March 1998 respectively. In addition, special promotional and advisory activities were launched relating to the ratification of Conventions, the new Convention on child labour and to ensure more universal ratification of all fundamental Conventions. The cost of activities incurred for promotional work on the ILO Declaration was charged to this item pending the restructuring provided for in the 2000-01 strategic budget.

Employment and training
This transfer covers the expenses of the Cross-Departmental Analysis and Reports Team (CD/ART) and the Task Force on the Social Implications of Globalization, as well as the costs for expanded activities of the global programme on More and Better Jobs for Women.

Enterprise and cooperative development
The Enterprise and cooperative development major programme covered the cost of broader participation by ILO constituents in the second ILO Enterprise Forum. Increased support for the action programme on enterprise creation by the unemployed was also provided under this item of the budget.

Working conditions and environment
This transfer covers the strengthening of headquarters support for the operational activities of IPEC as approved by the Governing Body at its 271st Session (March 1998), as well as additional expenditure related to the ratification campaign for the Worst Forms of Child Labour Convention, 1999 (No. 182). Additional expenditure was also incurred to launch the InFocus programme, SafeWork.

Social security
This transfer covers new initiatives developed during the biennium, and is principally intended to support a joint meeting with PAHO (cost shared) on the development of health-care schemes for the informal sector in Latin America; to cover the launch of a longer term programme on the extension of social security to the informal sector (which is part of the Programme and Budget for 2000-01); and expenditure which has made it possible to make an early start on the InFocus programme, Economic and Social Security in the 21st Century.

Development policies
Following the 22nd Ordinary Session of the OAU Labour and Social Affairs Commission meeting in Windhoek, Namibia, in April 1999, the UNDP-funded Jobs for Africa Programme was reinforced by the ILO to extend coverage to more African countries in response to the strong demand from the Commission.

140 Equality for women
347,885
Additional activities were undertaken relating to the preparations for the UN General Assembly Special Session on Women 2000: Gender Equality, Development and Peace for the 21st Century. In particular, funds were used to support regional workshops and subregional position papers, the promotion of ILO work and the enhancement of ILO visibility (including the printing of ILO materials on gender-related issues). In addition, a comprehensive programme of gender competence building within the ILO was initiated.

Personnel
Due to the continuing delays in the release of PERSIS modules by the United Nations IMIS project, advance analysis and programming was undertaken by the ILO in order to minimize further delays following their receipt. The transfer also covers costs incurred in further customization for the Staff Health Insurance Fund of a Health Insurance Information System developed jointly by the ILO, WHO and UNOG.

Information technology and communications
This transfer covers the costs incurred to ensure Year 2000 (Y2K) compliance for all computer and related systems at the ILO, as authorized by the Governing Body at its 271st Session (March 1998).

Library and documentation
This transfer is requested to cover the additional costs of subscriptions for serials and periodicals due to very significant cost increases, and of consultancies to advise on the creation of digital libraries and the replacement of bibliographic software.

International relations
A new Bureau for External Relations and Partnerships was established, having greater responsibilities than the previous Bureau for Inter-Organization Relations which it replaced. Additional funds were required to enable the ILO's role to be enhanced and to allow for substantial participation in major initiatives with the multilateral system (ECOSOC high-level segment, preparatory process for the Special Session of the UN General Assembly on Copenhagen +5 and follow-up on other major global conferences, the Interim and Development Committees of the Bretton Woods institutions, the Third WTO Ministerial Conference in Seattle, and other major events).

Field programmes in Arab States
Funds were required for the translation of selected additional ILO publications into Arabic; to cover the establishment of the Amman Liaison Office; and to strengthen the technical cooperation programme in the region.

Field programmes in Europe and Central Asia
The Kosovo crisis resulted in the establishment of a Balkan Task Force with a Support Unit in Pristina. Its main purpose was the elaboration of project proposals for fundraising purposes. Following several requests from the ministries of labour and social partners of CIS countries, funds were required to cover the translation into Russian of the fourth edition of the ILO Encyclopaedia of Occupational Safety and Health (CD ROM).

$\overline{\underline{7,088,082}}$
B. Items from which transfers are proposed

It is proposed that the amount of $\$ 7,088,082$ required to cover the expenditure described above be transferred proportionately from those items which show budgetary savings for the biennium.
